All karts will be on circuit on the same time except where the number of drivers exceeds the maximum number as per 2.3.1 The order for the timed practice sessions will be chosen randomly by ballot and then the order in Championship order, following qualifying drivers will be then placed in their qualifying order for the timed runs , in the case of Round 1 this will be decided by the promoters of the MOTORSPORT UK Bambino Championship.

2.3.2.3. Each timed practice, run or session will be a minimum of 5, 6 or 7 minutes to be advised by bulletin or official race programme. All drivers in the session will start their timed laps by leaving the dummy grid at approximately 1 second intervals as directed by the grid marshal and may do as many laps as they wish in the period, all these laps will be timed.

Crossing the start line for the first time will register on the timing equipment and will constitute the start of your first lap. All regulations will apply as if the session was a race. Once a driver leaves the circuit and returns to the scrutineering/pits area, their session will finish, and they will not be allowed onto the circuit again.

2.3.2.4. On leaving the circuit from the timed practice session, all drivers MUST report to scrutineering and weighing area.

2.3.2.5. Any driver missing his/her timed practice will not be allowed to take part in additional class timed practice. It is the driver's responsibility to present themselves and their equipment on the grid for their timed practice at the correct time. No time will be recorded.

2.3.2.6. Any driver considered to be baulking or blocking another driver may be penalised. Q. 14.4.1 applies. A driver who consistently places their kart on a line that is not that recognised as the racing line, in an effort to prevent being overtaken or slow other drivers, may be warned as to their unsporting conduct and should they continue they may be given a penalty. Lap times may be taken into consideration.

2.3.2.7. The timed practice results order will decide the grid positions for the timed runs for each group. Each driver's quickest single lap only to count. The competitor with the quickest lap time takes pole position, alternating until last place from timed practice order. In case of a tie in time the second lap will be taken to resolve the tie and then the third lap etc.

2.3.2.8. The timed practice session has a similar status as a timed run and therefore Championship Regulation 5.1.1 will apply. Similarly, because of this status the Regulation C3.3 in the 2019 MOTORSPORT UK Yearbook will not apply.

## 2.4. TIMED RUNS

2.4.1. Each driver will have timed runs as per the host clubs format min of 5, 6 or 7 minutes per run to be advised by bulletin. There will a final following the timed runs 2.4.2. ## 2.7. SCRUTINEERING

2.7.1. Pre-competition. Scrutineering will take place on Saturday or Sunday, as per Clubs SR's. Anybody wishing to scrutineer alternative equipment may do so prior to his or her timed practice.

2.7.2. ALL competitors will be given a scrutineering card, which they have SOLE responsibility to fill in correctly and hand to the scrutineer at pre race scrutineering. This card must contain the following information: Drivers name, class and race number. The chassis/chassis's unique number/numbers as MOTORSPORT UK U16.5.1, and the chassis manufacturer. Each engine's unique number and the manufacturer and model number and log card, and fuel mix ratio, must be presented to the scrutineer for inspection at this time.

Where MOTORSPORT UK seals are used to seal chassis & engines, the seal numbers must be written alongside the individual engine and chassis numbers on the scrutineering card, and must be correct. The card must be signed by the driver and the drivers PG entrant. It is stressed once more that both the completion and handing in of this card is the SOLE responsibility of the competitor.

These cards will be the only method used to check that each competitor is using at all times the equipment declared and presented by him/her at pre race scrutineering.

Paint used at pre race scrutineering is to identify that equipment has passed scrutineering. It is also the competitor's responsibility to ensure that both the chassis and engines are marked in this manner by the scrutineer at pre race scrutineering.

This paint is only a general marking of scrutineered equipment and only the scrutineering card identifies competitor's individual equipment. At any post session or run scrutineering the chassis, engine numbers and any MOTORSPORT UK seal numbers must be those stated on the scrutineering card and the chassis and engines must also have the general scrutineering paint in place, if used. The official tyre markings must also be in place on each tyre these may be augmented or replaced by registering the bar code numbers.

Should it be found that the chassis, engines or seals do not comply with the above requirements, or that the tyre markings or bar codes, are missing or incorrect, it will be considered to be a matter of fact for which there will be no appeal. It is the responsibility of the competitor to ensure that a seal or mark is not missing or damaged. No seal can be replaced if the kart has left parc ferme. The Clerk of the Course will hold a hearing and the minimum penalty may be exclusion from that timed run or timed practice session. In the case of the minimum penalty the provisions of C3.5.1 would not apply

Draft 2019 Motorsport UK Time-Trial Championship Regulations V1

2.7.3. Post Event Scrutineering will take place after timed practice, timed runs and final runs and all results are deemed provisional until all karts are released by the Chief Scrutineer, or any person designated to do so in his absence, and/or after completion of any Judicial or Technical procedures, including the testing of fuel, checking of engines and tyres which may take several days.

2.7.4. After timed practice or any timed runs all drivers must go to the Parc Ferme area as per MOTORSPORT UK U8.1 & U8.1.1. Any driver and kart directed or requested by an official to go into the weighing/scrutineering area, should not leave this area without the specific permission or instruction of the Series Scrutineer, or any person designated to do so in his absence. In the case of drivers under 18 years of age, we would suggest the entrant satisfy himself or herself that this permission has been given. The minimum penalty for any driver or kart leaving this area without permission will be exclusion from the /timed qualifying or timed run.

2.7.5. No person or persons, other than the driver may enter the weighing/scrutineering area, until instructed to do so by a scrutineer. Failure to comply could result in judicial action being taken against their driver.

2.7.6. Engines or chassis may be sealed at any time, and you may be requested to fit special nuts to your equipment for this purpose. This does not preclude the Scrutineers right to fully dismantle the engine or components if required.

2.7.7. Any time during the meeting you may be requested by the Chief Scrutineer to remove any component from your engine or kart, which will be sealed and held by the scrutineer, and replace it with a standard homologated unit, that will be given to you by the scrutineer, for use for the remainder of the meeting. The said unit is to be returned in good working order at the finish of the meeting, when your unit will be returned, unless it is impounded by the scrutineer for testing.
